

Coarse Bubble Diffuser

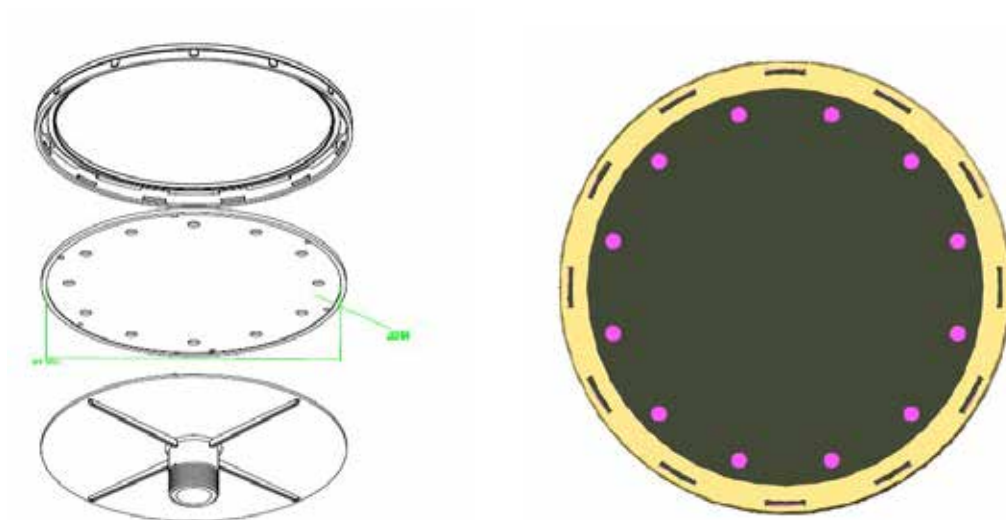

Features

1. The non-blocking design is composed of a base and a diaphragm.
2. Material is engineering plastics
3. Low pressure loss. Design with different size and arrangement of aeration holes.
4. Wide flow rate ranges for applications
5. Good for using in Aeration grit tank, sludge digestion tank, neutralization mixing tank.

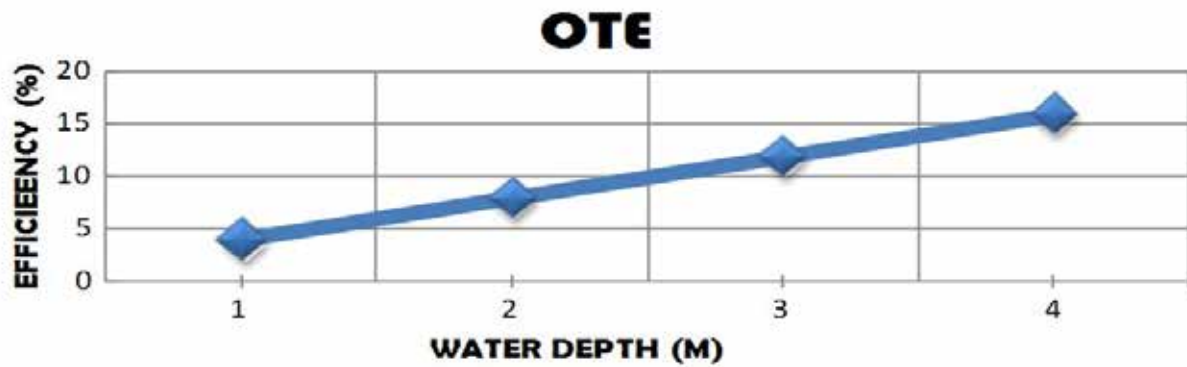

Coarse Bubble Diffuser

Model	Base	Membrane	LPM	PT THREAD
EAD-128	ABS	EPDM	100-400	3/4"

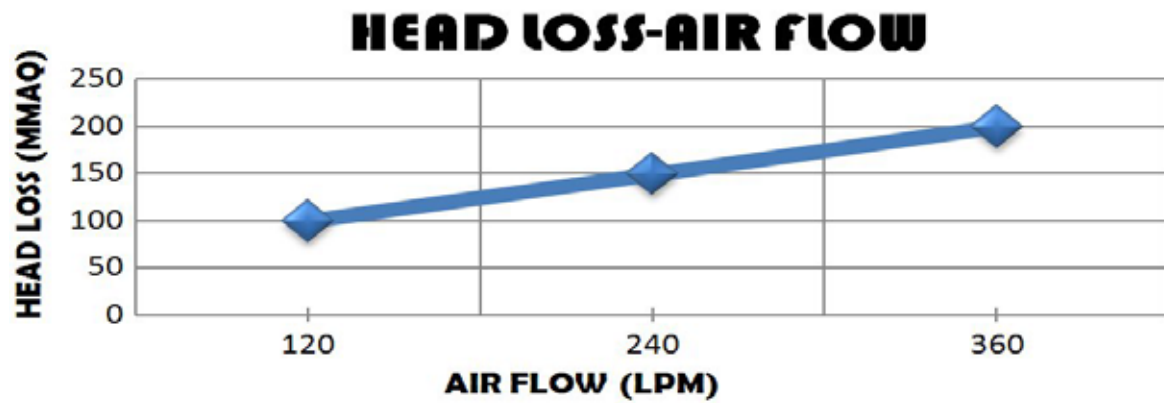

Model : EAD-128
